

BESPOKE SLIDING WARDROBES

Made to measure. Made for you.

Fitted sliding wardrobes and bedroom furniture, designed around your room, your style and the way you live.

DESIGN • CRAFT • FIT • ISLE OF WIGHT

MADE TO MEASURE

Built around your exact needs

Sophisticated and contemporary, or warm and traditional — whatever your style, we design a wardrobe that fits it.

Choosing bedroom furniture should be the enjoyable part of a project, not the stressful one. We take the time to understand how you use your space, then design storage that makes the most of every centimetre — floor to ceiling, wall to wall.

The result is a calm, well-ordered room with a place for everything: a clutter-free space that makes getting ready easier and the whole room feel bigger.

THE FINISHES

Over fifty ways to make it yours

Luxury mirror and glass, tactile woodgrains, and sleek trims and tracks. Finishes can be used across door panels, exterior frames, interiors and freestanding furniture — and if you can't see the one you're picturing, we'll help you find it.

GLASS & MIRROR

Light, depth and reflection

Gloss and matt glass, plus plain, grey and bronze mirror — all available for the sliding doors of your wardrobe. Mirror opens up a room and bounces light; coloured glass adds character without pattern.

Trims & tracks

The door trim forms the outer edge of each door, and many are colour-matched to the top and bottom tracks of your wardrobe. Traditional and Traditional PLUS are steel, with a soft-close option.

DOOR STYLES

A door for every room

Your wardrobe can have up to six doors, and each door can carry its own split design — so you can mix mirror, glass and woodgrain to create exactly the look you want.

From a single clean panel to four-way splits with contrasting materials, the door is where your wardrobe finds its character. We'll walk you through the options and help you settle on a design that suits both the room and the way you live.

RANGES

Find your style

A framed profile with a subtle, timeless feel. Pair it with matching glass and co-ordinating furniture for a look that stays elegant for years.

Crisp, contemporary framing — striking in black with a mirrored finish for a dramatic yet simple, modern bedroom.

Refined tones and a slim frame. A quiet mix of textured wood and matt glass that sits comfortably in any room.

AWKWARD SPACES

No angle too tricky

Sloped ceilings, chimney breasts, alcoves, loft eaves, walk-ins and L-shapes — the harder the space, the more there is to gain from a bespoke design.

Our designs run floor to ceiling and wall to wall, working around any angle for a streamlined finish that turns dead space into usable storage. Fitters scribe neatly around beams, coving and skirting so everything sits flush.

TAKE A PEEK INSIDE

Every detail, considered

The inside of your wardrobe is as customisable as the outside. We plan the interior around what you actually own, so it stays practical and clutter-free.

Choose from hanging rails, adjustable shelving, internal drawers, pull-out shelves, telescopic shoe racks, jewellery trays, lighting and more — produced in any of our wood finishes, with or without backs and floors.

EVERY DETAIL COUNTS

Match, complement or contrast

You're spoilt for choice when it comes to finishing the room. From chests of drawers and dressing tables to matching mirrors and headboards, we'll help you pull the whole scheme together.

around the space.**

HOW IT WORKS

From idea to installed

01 Talk it through

Tell us about your room, your storage and the look you're after. We'll guide you through finishes and styles.

02 Measure & design

Send us your rough dimensions, or we can come and measure the space for you. Either way, we always carry out our own survey before manufacture, so everything fits perfectly.

03 Made & fitted

Your wardrobe is hand-made to order, then delivered and installed with a flawless, scribed-in finish.

It's best to take each measurement in two or three places to check walls and floors are level, and to note whether the wardrobe meets a wall or needs an end panel each side.

LET'S DESIGN YOURS

Ready when you are.

Book a no-obligation design consultation and we'll help you plan a wardrobe that fits your room and your life — measurements are only ever used to prepare your quote.
